**Re: Docket No. 05-196; VoIP, Inc.'s 911 Compliance Status Report and Request for Extension of Time**

Dear Ms. Dortch:

VoIP, Inc. ("VoIP, Inc." or "Company"), through undersigned counsel, submits this 911 Compliance Status Report ("Report") to advise the Commission of the status of the Company's efforts to comply with the Commission's VoIP E-911 Rules, 47 C.F.R. § 9, as set forth in the *VoIP E911 Order*.<sup>1</sup>

On April 10, 2007, VoIP, Inc. submitted a written request for an extension of time to file a response to the Commission's March 12, 2007, letter concerning VoIP, Inc.'s efforts to comply with the Commission's VoIP E911 rules.<sup>2</sup> The extension request was made due to limitations the Company's VoIP E911 vendor has had in obtaining reliable information relevant to the Commission's request. In an abundance of caution, VoIP, Inc. files this letter detailing why it has been unable to obtain all of the information requested by the Commission, and renewing its request for an extension of time.

Subsequent to its filing in November 2005, VoIP, Inc. has ceased the operations of subsidiaries eGlobalphone, Inc. and VoIP America's, Inc., and sold DTNet, Inc. that had formed the basis of VoIP, Inc.'s response at that time. Also, VoIP, Inc. is now in the process of selling another operation that provides VoIP services. That transaction is expected to close within the next thirty days. VoIP, Inc. is still looking to receive data from its E911 service provider, Spatial Data, Inc. ([www.spatial-data.com/](http://www.spatial-data.com/)), for the VoIP,

<sup>1</sup> *E911 Requirements for IP-Enabled Service Providers*, WC Docket No. 05-196, First Report and Order and Notice of Proposed Rulemaking, 20 FCC Rcd. 10245 (2005) ("*VoIP E911 Order*").

<sup>2</sup> Email to Kathy Berthot, Chief, Spectrum Enforcement Division, Enforcement Bureau, from Frank G. Lamancusa, Bingham McCutchen, on behalf of VoIP, Inc. (April 10, 2007).

Inc. unit being sold in order to respond to the Commission's request. VoIP, Inc. anticipates resolving its outstanding questions shortly but is unable to respond within the Commission's current deadline.

VoIP, Inc. is attempting to provide the Commission with the requested information, and will supplement this response when such information becomes available to the Company. VoIP, Inc., therefore, requests an extension until May 22, 2007, to obtain the necessary information and to assimilate and incorporate that information into its response. If VoIP, Inc. is able to provide the information sooner, it will do so.

Respectfully submitted,

/s/  
Tamar E. Finn  
Jeffrey R. Strenkowski
